GREETINGS From Your PRESIDENT

Well as I sit here thinking what to write about, it seems like I just did this a week ago. Not sure about you guys but where does all the time go. In the last newsletter I was talking about spring going by so fast and summer starting, but now here we are in fair season with the state fair only a month away. Hopefully everyone found a little time off to go enjoy some of the events around.

Hopefully summer has been good to everyone, and you are able to work around these hot days of summer. It's never good when you walk out of the house in the morning and the air feels thick and you're sweating just walking to the truck. Come to think of it that might just be a me problem but anyway it really makes it tough to get excited for the work day ahead. But, what I here all the time is, for Minnesotans we should be used to it, I guess. Just not sure if you ever get used to this heat.

Just want to end with this, here at LICA we are al-ways looking for new members, and trying to get information out for everyone to see all the bene-fits LICA has to offer. There is also a lot of behind-the-scenes work going on right now to make LICA bigger and better and always trying to find new ways that being a LICA member will benefit your business needs. So, if you have any questions feel free to reach out to one of us and hopefully, we can answer any questions you might have. If you do know anyone thinking about joining but they're just not sure yet, you should tell them to attend our MN LICA Scholarship fundraiser. It is a fun time had by all; we do sporting clays and best ball golf tournament. It will be September 18th at Good Shot in Emmons, MN. We give out prizes for the winners and last year's event we even had a dinosaur show up for golf tournament.

Sincerely,
Jesse James, MN LICA President

Executive Director's Report

Hello Everyone!

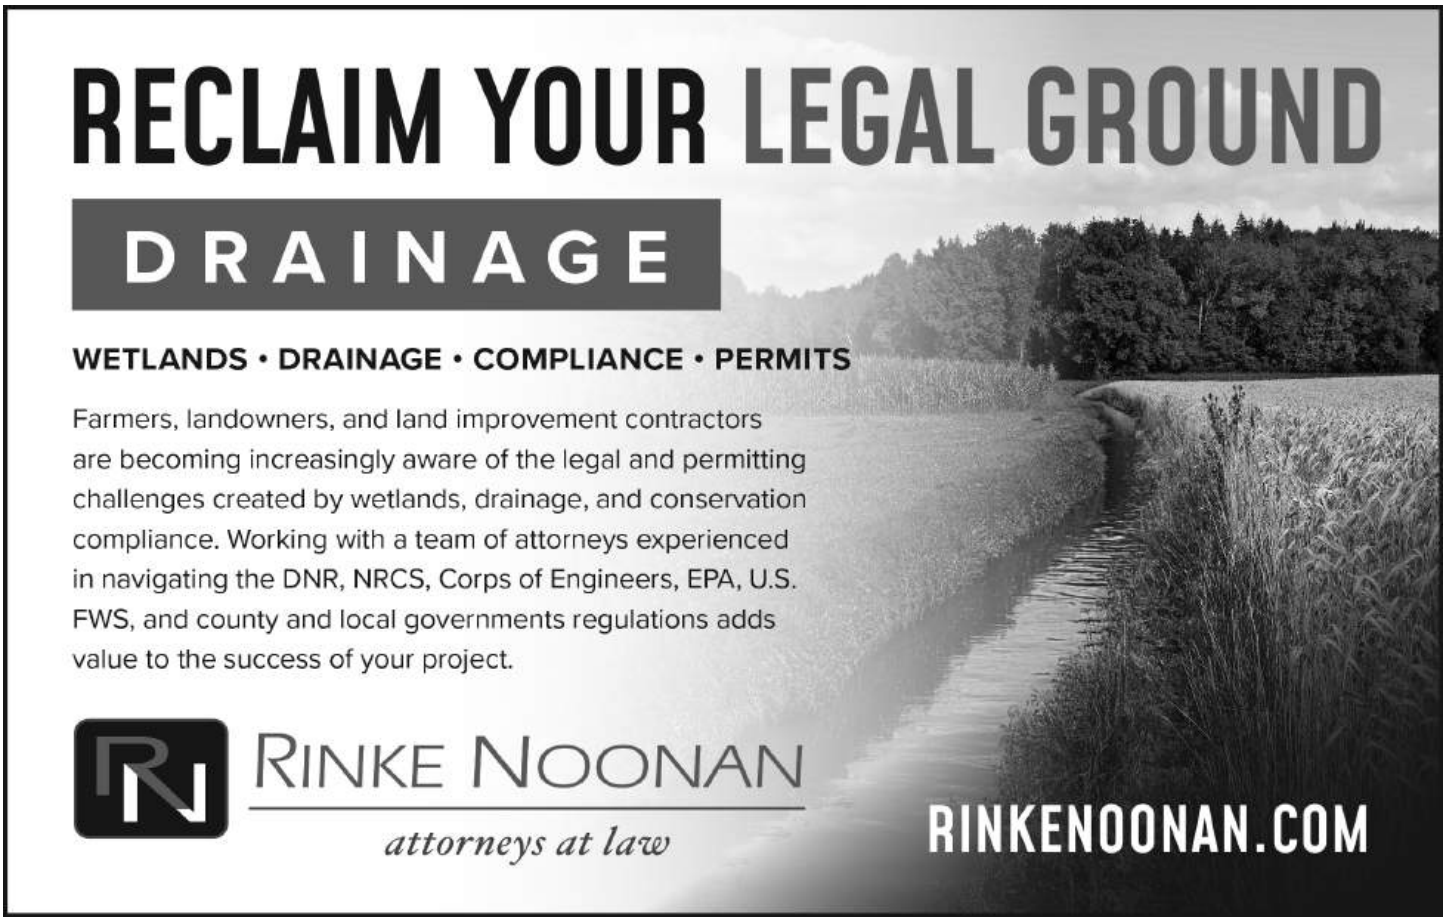

I want to draw your attention to several of the newest benefits available exclusively for LICA members! See pages 5, 6, 16 & 19. These benefits have come into play since the National LICA Convention in Las Vegas. The CEO Dennis Mikula and the National Staff have been working diligently to get these benefits put together and out there for LICA members to use. Please note, that the GM Benefit and the CAT benefit require you to contact the National office to obtain a certificate to verify your membership with LICA. Contact staff at benefit@licanational.com to obtain a certificate. Go to the National LICA website; licanational.com to see the complete list of great benefits.

Also, the Executive Directors from all state chapters have been tasked with special projects. There are three groups working on projects to make your LICA organization bigger and better than ever. Be watching in the next couple of months for these exciting changes!

At the State level, the Board of Directors has finalized the plans for the Scholarship Fundraiser event on September 18th. This year the event is at Good Shot, by Emmons, MN. This facility has both the Sporting Clay course and a beautiful Golf Course, not to mention great food and a great staff. I hope to see many of you there!

The board has also been working on the Winter Convention. This year we are trying something new! The Convention will be two days, the first day will be a day of training. Several types of training will be offered. Thursday evening will be the Trade Show. Our hope is that this will give our Members and Associates a greater Trade Show experience. Friday will be the annual meeting , speakers and education. There are also other changes as well. Please mark your calendars for January 7-8, 2027.

Jennifer Breberg, Executive Director MN LICA

Fatality Alert

MINE FATALITY – On January 8, 2026, an over-the-road truck driver died after he became pinned between the dump bed and the frame of a truck.

Best Practices

- Establish and discuss safe work procedures before beginning work. Identify and control all hazards associated with the work and use methods to properly protect persons.
- Before working on equipment, block all raised components against motion and ensure persons are positioned in a safe location and away from the "red zone" areas.
- Never work under a load that is unsupported or inadequately supported. Observe and follow all warning labels and signs on equipment.

This is the second fatality reported in 2026, and the first classified as "Powered Haulage."

The information provided in this notice is based on preliminary information only and does not represent final determinations regarding the nature of the accident or conclusions regarding the cause of the fatality.

PATRIOT DAY
WE WILL NEVER FORGET
9/11

They thought it was a camera

Labor Day pays tribute to the contributions and achievements of American workers and is traditionally observed on the first Monday in September. It was created by the labor movement in the late 19th century and became a federal holiday in 1894. Labor Day weekend also symbolizes the end of summer for many Americans and is celebrated with parties, street parades and athletic events.

THE LICA CREED

Land, the foundation of the nation,
the basis of all wealth,
the heritage of the wise, the thrifty and prudent,
the poor man's joy and comfort,
the silent partner of man,
the producer of food, fiber and fuel,
the basis of factories,
the foundation of banks.

All that man builds is from the land.
We often take it for granted, or even abuse it,
and yet many unthinkingly and unknowingly pass the land by.
What man finally does with the land
will be the deciding factor in his survival.
